DETAILED ACTION

Claims 1-42 are allowed.

Oath/Declaration

The newly submitted oath/declaration received on November 14, 2005 is accepted.

Drawings

The replacement drawing sheets (which include Figures 2a, 2b, 2c, 3a, 3b, 4a, and 4b) were received on November 14, 2005. However, only Figures 2c, 3a, and 3b of these replacement drawings are accepted by the examiner (see next paragraph). In addition, Figures 1a, 1b, 1c, and 1d of the original drawing sheets of August 18, 2003 are also accepted.

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because Figure 2b of the replacement drawing sheet includes reference number "17.2" that is not disclosed in the specification. In addition, Figures 4a and 4b of the replacement drawing sheet remain unclear due to a photocopied appearance (lack of grain structure of the metallographs). Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are

required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
